> About IBI

IBI was designed for business incubation managers, entrepreneurs, governmental officials and other business incubation stakeholders wishing to increase their understanding and know-how of international co-incubation business. It is sponsored by Shanghai International Business Incubator and also one of the major training programs of AABI (Asian Association of Business Incubation), which has been held successfully for 20 years and over 500 participants from 30 countries and regions are well trained.

> About the Sponsor

Shanghai Technology Innovation Center (STIC) is a non-profitable public science and technology service organization affiliated to Shanghai Science and Technology Commission of Shanghai Municipality. STIC is devoted to promote transforming scientific and technological achievements, incubating science and technology enterprises and cultivating technology entrepreneurs. As the supporting organization of Shanghai Science and Technology Incubator Association, STIC has formulated the initial incubation service system among the whole city, promoting the science and technology incubators in Shanghai more specialized, standard and international.

> About the Organizer

Shanghai Caohejing Hi-tech Park Innovation Center has incubated more than 400 start-ups in the last ten years with a success rate of more than 91%, mainly focuses on ICT, biomedicine, new materials sectors. It unites entrepreneurs in a mission to innovate and change the world. Located in the exciting international city of Shanghai, it not only provides co-working space fully equipped with the resources necessary for any entrepreneur looking to become an international difference maker, but also inspires creativity, collaboration and valuable growth with educational program and professional services.
